

EU Type Examination Certificate

Date: 2019/04/17

n. **158191603/OE**

Validity:
2024/04/16

This Certificate cancels & replaces the previous one n° 158150402/OE dated 2015/01/20

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	GRISPORT SpA calzaturificio 31030 CASTELCUCCO (TV) – Via Erega, 1 – ITALIA	
Type of PPE:	Safety footwear in conformity with EN ISO 20345:2011 class I (= footwear in leather and other materials)	
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"700049CD3"	material code
Description:	<p><u>design</u>: B (ankle boot); <u>fastening system</u>: by means of laces; <u>processing</u>: direct injection; <u>sole</u>: transparent blue TPU BIONIK marked "VIBRAM ANTITORSION OIL RESISTANT"; <u>midsole</u>: black foamed PU in "black" col.; <u>upper</u>: col. "lontra" (kind of brown/grey col.) leather art. DAKAR TREKKING, combined with white non-woven fabric, with inserts on the toe-tip and on the heel in black leather PAMPAS IDROPELLENTE; <u>collar</u>: black fabric matched to MTP 2,5 mm; <u>tongue</u>: brown leather suede art. "CE antinf.", lined and padded; <u>bellow-tongue</u>: black coated fabric art. PALERMO FINTO CINGHIALINO; <u>vamp lining</u>: black non-woven fabric art. AITELLE matched to art. MTP4 and CHARME; <u>quarter lining</u>: black three-dimensional fabric art. "AT 488 SPECIAL"; <u>insole</u>: white multi-layer perforation-resistant fabric art. LC/ZP01, <u>which also serves as penetration-resistant insert</u>; <u>removable insock</u>: grey foamed material matched with a black textile in contact with the foot, with an aluminum oval insert stitched with an antistatic zig-zag stitching to the forepart, plus an insert in red ABS in the heel; <u>toe-cap</u>: polymeric material, art. "6050 GRISPORT".</p>	021BN/00-133/130/00 MPI/001 DAC/LON PAI/NER TMG/NER SCC/0080 TEU/NER FCA/NEC A8S/NER LC/ZP01 FTNAROA 6050GRI
	 <p>Sole design (black version)</p> 	
Technical Standard:	EN ISO 20344:2011 (UNI EN ISO 20344:2012) EN ISO 20345:2011 (UNI EN ISO 20345:2012)	Personal protective equipment – Test methods for footwear Personal protective equipment – Safety footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.	
Size range:	from 36 to 48	
Technical File:	DC-10494/E + DC-7046/E	
Test report:	RCT n°335135/B	

EU Type Examination Certificate

Date: 2019/04/17

n. **158191603/OE**

Validity:
2024/04/16

Functions and performance levels:

basic requirements for safety footwear (SB) (see Table 2 and 3 of EN ISO 20345:2011): all mandatory ones, among which:

SRC = Slip resistance – meets the following requirement:

- surface: ceramic / lubricant: detergent solution;
- surface: steel / lubricant: glycerol.

Additional requirements (Tab. 18 and 20 of EN ISO 20345:2011):

S3 = closed seat region, antistatic properties, energy absorption of seat region, resistance to fuel oil, water penetration resistance and absorption (water-repellent upper), penetration resistance, cleated outsole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Marking:

on a stitched label and containing the following information:

- **CE Marking**;
- name of the Manufacturer (placed laterally on the bootleg);
- designation of the footwear (art. alphanumeric code);
- Standard of reference + safety symbols;
- size of footwear (also printed onto the outsole);
- month and year of production;
- additional info: internal code etc.

Sole design (black version)

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
